

More Dominguez Water Hearings Ordered by PUC

The California Public Utilities Commission today ordered a further hearing on an agreement whereby a water system operated in Torrance by the Dominguez Water Corp. would eventually be taken over by the city free of charge. At the same time, the Commission ordered an investigation into the legality of the agreement.

The Commission said it wants to determine whether the company has undertaken to dispose of the system contrary to law, whether the agreement would result in unlawful abandonment of service and whether the company has violated its extension rules. The hearing will be held at a time and place to be announced.

The company contends that a document conveying the system to the city after 10 years was signed "by mistake." The Milton Kauffman Corp., which developed the area of more than 400 acres, paid Dominguez \$286,000 for constructing the system.

Fire Quelled In Haystack

Torrance firemen Monday answered a call to put out a fire in a haystack started when a car ran into the pile located south of Del Amo Blvd., just east of the city boundary with Redondo Beach.

The fire apparently was started by the muffler of a car driven by a teenager.

In other action, they quelled a blaze in an overstuffed chair at the apartment of Mrs. Bohne McKinnon, 711-C Sartori Ave., Tuesday. About \$150 damage to the chair, a lamp, wall and ceiling was done by the fire, apparently started by a cigaret.

Tabernacle Revival Will Begin Today

Evangelist and Mrs. Watson Argue Jr. will begin revival services at the Harbor City Revival Tabernacle, 1032 W. Pacific Coast Hwy. tonight.

Meetings will be held each evening at 7:30 except Monday and Saturday. Pastor Fred Martin says that the youthful evangelist has had outstanding success in capturing the attention of audiences in some of the nation's largest churches and auditoriums. They also feature music and singing. The public is invited.

Rev. Mark Hinman, pastor of the Long Beach Assembly of God, will conclude a series of studies on "Personal Soul Winning" this Friday. This week of study was especially arranged in preparation for the coming revival campaign.

The Sunday School Department is also campaigning for a record attendance of 325. This church will soon celebrate its fifth anniversary, having been completely self-supporting from its beginning in a rented building.

Nabber, Not Nabee

The suspect whom Officers Edward Finley and Ralph Bezanon nabbed as a prowler in north Torrance recently was not Bezanon, but Jack Gregory Cioffi, as erroneously reported previously.

Officer Bezanon's prowling is limited to searching for lawbreakers.

92 Cents of Cancer Dollar Stays in State, Vico Says

Approximately 92 cents of every dollar contributed in the current community-wide appeal of the American Cancer Society will be put to use in California, George Vico, business chairman in Torrance, announced yesterday.

"Normally," he reported, "only 60 cents of each dollar would remain in the state, and 40 cents would be forwarded to the national office, but because so much important research is being done in California universities and hospitals, the increased amount is used here."

"Approximately \$5,000,000 has been appropriated for cancer research in California alone since 1946," Vico added. "According to the society's

national formula, the contributor's dollar is divided as follows:

1. Twenty-five cents out of every dollar goes for national research.
2. Three cents goes to medical scholarships and grants.
3. Twelve cents goes for professional education, public education, service to cancer patients, statistical research, administration and fund raising.
4. The other 60 cents goes to finance the giant statewide and local programs of research, education and service. Costs of local administration and fund raising also are included in this portion of the dollar.

"However, as pointed out, we in California have the use
